

High School English Ideas

Philosophy

- Cultural studies are as important as grammar study.
- English should reflect other subjects at school.
- Students respond to popular international topics.
- Media technology use can be interesting for students.

Cross Culture

- Students should learn basic European languages.
- Real life situations should be used for speeches.
- Popular culture and modern slang should be taught.
- Students should express themselves with multimedia.

University Preparation

- Critical thinking should be central to tasks.
- Global issues should be used with language lessons.
- Students should prepare AO type interviews.
- Students should present work using new technology.

Junior High School

- Geography should be included in lessons.
- New vocabulary should be applied to real life situations.
- Use of multimedia should be applied to lessons.
- Music and drama should be promoted in lessons.
